

ADVANCING THE COMMON GOOD

Focusing on the Building Blocks of a Good Life Education: Helping Children and Youth Achieve Their Potential

FACT: *The Glacier's Edge Council serves 11,000 youth annually, providing skills and leadership*

When Billy* headed out with his dad and uncle for a fun day of ice fishing, he had no idea he was about to become a hero. But that's what happened when his dad and uncle fell through the ice and struggled to stay above the water. Many other kids facing that situation wouldn't know what to do, and the result would be tragic. But Billy's outcome was different because he is a Boy Scout.

The Boy Scouts of America Glacier's Edge Council taught Billy the skills and leadership he needed to stay calm, find a rope and pull out his dad, who then helped Billy rescue his uncle. These same skills are taught to Scouts at every meeting and campout during their Scouting careers.

How United Way of North Rock County Helps

United Way of North Rock County partners with Boy Scouts of America Glacier's Edge Council to support children and youth through character and leadership development and recreational experiences.

While many Scouts may never save a life, the skills and leadership they learn in Scouting will have a positive effect on them, their families and communities.
